Grading

Format	Ratio
Homework + Projects	35%
Final project	15%
Final exam	50%

- **Projects:** lab based assignments; submit writeups including graphs, code, description.
- **Final project:** It is a team-work project. Each team is made up of 4 students in maximum. You need to select a topic by yourselves, give a poster, code, and submit a final report
- **Bonus Score**: 2 points per question answered during class, up to 6 points
